

CALLING ALL TEACHERS!

Trash to Treasure Creative Reuse Center offers FREE membership to Broward County public elementary school teachers (and is a great deal for ALL teachers)!

The Broward County Resource Recovery Board just approved a grant that will enable the Center to offer one teacher at every Broward County public elementary school a complimentary one year membership. Even if you don't teach elementary school students or if someone has claimed the free membership, Trash to Treasure is a great deal at \$60 for an annual membership.

A Trash to Treasure membership will enable you to:

- Access materials at the Trash to Treasure warehouse for a full year. This includes up to 12 visits where you can take as much as you need!
- Participate in Trash to Treasure's creative workshops over the next year for a member-discounted price
- Learn about ways to incorporate environmental consciousness into your classroom and how to use the materials at the Center.

To learn more about the Center and the types of materials we carry and our philosophy, watch the video on our website, www.trash2treasurefl.org. To participate in this grant program, please call MaryBeth Burton at 954.288.4582 or email her at mb@trash2treasurefl.org.
